North Carolina Division of Services for the Blind

Paid Internships

Our Mission

*To enable people who are blind
or visually impaired to reach
their goals of independence and
employment*

The North Carolina Division of Services for the Blind offers paid internships to students enrolled in a Master's Degree Program in Rehabilitation Counseling and are eligible for an internship based on the criteria established by their university.

Since 1935, the mission of the North Carolina Division of Services for the Blind has been to enable people who are blind or visually impaired to reach their goals of independence and employment.

DSB is interested in providing internship opportunities for students who are interested in working with the blind and visually impaired population in the public rehabilitation program.

In order to receive consideration for one of these internships, please complete an Application for State Employment which can be obtained online at

www.osp.state.nc.us/jobs/applications.htm

Indicate on the application that you are applying for a Rehabilitation Counselor Internship. Submit the application to Margaret Reader at 2601 Mail Service Center, Fisher Building, Raleigh, NC 27699-2601 or fax to (919) 715-7905.

Interns will have the opportunity to gain experience in the employment and independent living rehabilitation programs. You will develop skills in contacting employers to place people in jobs; learn about assistive technology and adaptive devices used in job and home settings; and develop other skills that will benefit you when you graduate and seek employment in the field of public rehabilitation.

Questions may be directed to Margaret Reader at (919) 733-9850 or send an email margaret.reader@ncmail.net

Consistent with policies of the Department of Health and Human Services (DHHS), interns will be selected without regard to race, color, gender, national origin, religion, age, disability, political affiliation, or political influence. Selected applicants must undergo a drug test and criminal background check because this position will work directly with consumers.

DSB has seven district offices located throughout the state.
